These materials focus on Jamaica, and the island's links to Britain. A range of classroom activities, up-to-date information sources, and full colour posters enable an exploration of Jamaica as a place, of Jamaican identity, and of some of the issues facing Jamaicans in today's world. The materials have been devised by teachers, many of whom have personal family experiences of these issues, and all of whom wish to celebrate and draw on Jamaica's links to Britain. They are geared towards work on Literacy, Geography, PSE and Citizenship.
